## Grants to Teachers Application Form

*Please use a typewriter or word processor to complete the application.  
Submit in the format listed below.*

Date: April 1, 2009

Grant Title: Reading is Fun!

School: Thomas Middle School

Grade Level(s): 4<sup>th</sup>-7<sup>th</sup>

Content Area: Library & Reading

Total Dollar Amount Requested: \$1889.29

**1. What is the major educational need this grant addresses?  
Please give grade level and academic area.**

This grant will provide 35 playaways for the library. These are audiobooks in their own special containers that include headsets for the kids to listen with. The playaways will be available for any student to check out and use in the classrooms. This grant will allow students who struggle with reading to enjoy a book while listening. Many students are audio learners and this will provide a learning style that they can benefit from. If funded this will be available for 4<sup>th</sup>-7<sup>th</sup> grades and can be used for many years.

**2. Approximately how many pupils will be affected by this project, both directly and indirectly?**

Since the Library is accessible to every student, all of the students at Thomas – 300+ students – can benefit from this project every year.

**3. Describe your grant including methods, materials and objectives. Foundation grants are intended to fund a creative teaching plan, so if equipment or materials are requested it should be clearly stated as to why these are an integral part of the plan.**

One of the ways which playaways will implemented into the library program will be as discussion starters. Students will listen to an audio book and then describe it to other students. Another way in which the playaways will be used is to help the audio-learning students with comprehension for the Acelerated Reader tests and for book reports. Students will also write book reviews to recommend the books for other students.

The playaways will help raise test scores and meets numerous PASS skills such as the following:

- a. The student will demonstrate knowledge of technology productivity tool.
- b. The student will demonstrate knowledge of technology communications tools.
- c. The student will demonstrate knowledge of technology research tools.
- d. The student will be able to identify and use a range of information sources.
- e. The student will demonstrate he/she knows how to access information from a variety of sources – print, non-print, and electronic.
- f. The student follows guidelines in acceptable use polices and guidelines for technology usage.
- g. The student will understand information presented in a variety of formats. Locate, organize, and synthesize information from a variety of print and nonprint and technological resources (e.g., dictionaries, reference books, atlases, magazines, information texts, thesaurus, and technology/internet).

**4. Give a time schedule of implementation.**

If this grant is funded, the playaways can be purchased and utilized immediately.

**5. Detail your budget request. Include specific information about kinds of materials and equipment needed, sources of supply, and costs (including shipping and handling). If possible, list alternatives if full funding is not available.**

35 playaways (see list for titles)	\$1789.29
AAA batteries	<u>\$ 100.00</u>
Total	\$1889.29

**6. What methods will be used for measuring the stated objectives, or what definite evaluation will you make to determine whether the grant was successful? (Please be specific)**

Teacher observation and reading test scores will determine whether the grant was successful.

### Follett Library Resources

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.
