Grants to Teachers Application Form

*Please use a typewriter or word processor to complete the application.
Submit in the format listed below.*

Date: March 1, 2011

Grant Title: Reading through the subjects

School: Thomas Middle School

Grade Level(s): 4th thru 7th

Content Area: Reading, Social Studies & Science

Total Dollar Amount Requested: \$2309.00

1. What is the major educational need this grant addresses? Please give grade level and academic area.

Due to budget shortfalls and schools not receiving money (\$9.00 per child) from the State for library books, the library is unable to provide students with new library books. This grant will provide students with 93 fiction books, which are either requested authors or series which the majority of the kids love, which will encourage reading. The remaining books are non-fiction and will help students with social studies, science and language arts. As test scores become so important, the need for students to have up-to-date materials, for learning research skills, is very important. If funded, this grant will provide materials to help students develop a love for reading and will help students and teachers succeed in the learning process.

2. Approximately how many pupils will be affected by this project, both directly and indirectly?

Since the Library is accessible to every student, 380 students, all of the students at Thomas (4th thru 7th grades) will benefit from this grant for many years.

3. Describe your grant including methods, materials and objectives. Foundation grants are intended to fund a creative teaching plan, so if equipment or materials are requested it should be clearly stated as to why these are an integral part of the plan.

This grant will provide materials for Social Studies, Science and Language art subjects, which the teachers and students can use to enhance the learning experience. One way, the materials will be used is to make an expert wall. Students will use the information used in the books to make a poster and post it outside the library with fun facts that they find. Another project that they will along with the wall is a book trailer telling others about the book they read. This will be available for other students to look as they come into the library. In addition, to what is done in the library, these books can be used by the classroom teachers to fulfill their PASS Skill requirement.

Library PASS Skills, which this grant will meet:

- 1) Follow an inquiry-based process in seeking knowledge in curricular subjects, and make the real world connection for using this process in own life.
- 2) Develop and refine a range of questions to frame the search for new understanding.
- 3) Find, evaluate, and select appropriate sources to answer questions.
- 4) Evaluate information found in selected sources on the basis of accuracy, validity, appropriateness for needs, importance, and social and cultural context.
- 5) Read, view, and listen for information presented in any format (e.g., textual, visual, media, digital) in order to make inferences and gather meaning.
- 6) Make sense of information gathered from diverse sources by identifying misconceptions, main and supporting ideas, conflicting information, and point of view or bias.
- 7) Display initiative and engagement by posing questions and investigating the answers beyond the collection of superficial facts.
- 8) Demonstrate creativity by using multiple resources and formats.
- 9) Maintain a critical stance by questioning the validity and accuracy of all information.
- 10) Continue an inquiry-based research process by applying critical-thinking skills (analysis, synthesis, evaluation, organization) to information and knowledge in order to construct new understandings, draw conclusions, and create new knowledge
- 11) Organize knowledge so that it is useful.
- 12) Use strategies to draw conclusions from information and apply knowledge to curricular areas, real-world situations, and further investigations.
- 13) Collaborate with others to exchange ideas, develop new understandings, make decisions, and solve problems.
- 14) Use the writing process, media and visual literacy, and technology skills to create products that express new understandings.

4. Give a time schedule of implementation.

If funded, the books can be purchased and utilized immediately.

5. Detail your budget request. Include specific information about kinds of materials and equipment needed, sources of supply, and costs (including shipping and handling). If possible, list alternatives if full funding is not available.

Books	\$2309.00
-------	-----------

See attached list for titles of books requested.

If funds are not possible for the entire grant, any amount would be appreciated and the order will be adjusted to that amount.

6. What methods will be used for measuring the stated objectives, or what definite evaluation will you make to determine whether the grant was successful? (Please be specific)

Teacher observation, test scores and Accelerated Reader test scores will show if the grant was successful.

Prices do not include cataloging or processing

Follett Library Resources

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

TITLEWAVE Questions: Contact our Library Service Consultants at lsr@tlr.follett.com or 888.511.5114 ext. 1164 or use our [Online Help](#)
Order Questions: Contact your Customer Care Consultant at HPlaiss@tlr.follett.com or 888.511.5114 ext. 3277
