

## Grants to Teachers Application Form

Date: March 12, 2015  
Grant Title: An Ear for Learning  
Grant Applicant:  
School: Ethel Reed Elementary  
Grade Level: Pre-K - 3  
Content Area: Reading & Language Arts  
Total Dollar Amount Requested: \$809.60

1. What is the Major Educational need this grant addresses?

*Currently the Technology/ Computer Lab at Reed Elementary is in desperate need of working headphones. Many of the computers either do not have headphones at all or have headphones that are taped together and/or sound does not work in both ears. Every student at Reed Elementary uses the computer lab each week. Third grade is required to be in the lab daily. All of our grants from The Oklahoma Department of Education require data from the students' use of the computer lab. It is a necessity for each and every student to be able to correctly hear the material in order to give accurate information about their progress.*

2. Approximately how many pupils will be affected by this project, both directly and indirectly?

*There will be approximately 475 students affected by this grant. Each student will use the computer lab every week. Kindergarten through 2<sup>nd</sup> grade students use the computer lab twice per week, while 3<sup>rd</sup> grade students use the lab daily.*

3. Describe your grant including methods, materials and objectives. Foundation grants are intended to fund a creative teaching plan, so if equipment or materials are requested it should be clearly stated as to why they are integral part of the plan.

*This grant will provide child sized headphones for each device in the lab, including i-pads that teachers check-out and use in their classrooms for students use.*

### **OBJECTIVES:**

*The learner will increase scores on Lexia, Reading Plus, Renaissance Place, Ticket to Read and other programs used at Reed Elementary School.*

4. Give a time schedule of implementation.

*The materials provided by this grant will be used on a daily basis in the computer lab and with i-pads beginning the first day of school.*

5. Detail your budget request. Include specific information about kinds of materials and equipment needed, sources of supply, and costs (including shipping and handling.) If possible list alternatives if full funding is not available.

<i>headphones</i>	<i>80 @ \$10.12</i>	<i>\$809.60</i>
-------------------	---------------------	-----------------

<i>TOTAL</i>		<i>\$809.60</i>
--------------	--	-----------------

6. What methods will be used for measuring the stated objectives, or what definitive evaluation will you make to determine whether the grant was successful? (Please be specific.)

*Data from Lexia, Reading Plus, Renaissance Place, Ticket to Read and other programs used at Reed Elementary School will be used to determine the success of these materials.*

# Califone 30 mW Listening First Wired Stereo Headphone, Blue
