1. What is the Major Educational need this grant addresses?

As a Great Expectations Model school, Reed Elementary strives to celebrate our students and show recognition when it is earned. Students are highlighted on our school's website, in the local newspapers as well as our annual yearbook. With the advancements in digital photography, we are in desperate need of a camera that can provide high quality pictures to all of these entities.

2. Approximately how many pupils will be affected by this project, both directly and indirectly?

There will be approximately 475 students affected by this grant.

3. Describe your grant including methods, materials and objectives. Foundation grants are intended to fund a creative teaching plan, so if equipment or materials are requested it should be clearly stated as to why they are integral part of the plan.

This grant will provide a digital camera that can be used by all staff members. It will remain in the computer lab, to be checked out by staff members as needed for classroom/ school projects as well.

OBJECTIVES:

To provide access to a digital camera for use at Reed Elementary School.

4. Give a time schedule of implementation.

The materials provided by this grant will be used on a daily basis beginning the first day of school.

5. Detail your budget request. Include specific information about kinds of materials and equipment needed, sources of supply, and costs (including shipping and handling.) If possible list alternatives if full funding is not available.
